GLOBAL OBSERVANCE OF THE ANNUAL WORLD HABITAT DAY 2020

Expression of Interest
30 August 2019

Introduction

UN-Habitat is the United Nations programme working towards a better urban future. Its mission is to promote transformative change in cities and human settlements through knowledge, policy advice, technical assistance and collaborative action to leave no one and no place behind.

The United Nations has designated every first Monday of October as World Habitat Day (WHD). UN-Habitat is the coordinating agency in the United Nations system to organize the annual Global Observance of the World Habitat Day, together with the host city. UN-Habitat is inviting cities to express their interest in hosting the Global Observance of the 2020 World Habitat Day which will be held on 5 October. As an open public event, WHD aims to raise awareness about and promote media coverage of the host city and chosen theme of the WHD.

The host for World Habitat Day is the selected city together with UN-Habitat.

Background

World Habitat Day was established in 1985 by the United Nations General Assembly through Resolution 40/202, and was first celebrated in 1986.

The purpose of World Habitat Day is to remind the world that we all have the power and the responsibility to reflect on the state of our cities and towns and to shape the future. Each year, World Habitat Day takes on a new theme to bring attention to UN-Habitat’s mandate and vision to promote sustainable urban development policies that ensure a better quality of life for all in an urbanizing world.

World Habitat Day focuses on inspiring all levels of governments and stakeholders to reflect on how to implement concrete initiatives which ensure adequate and affordable housing in the context of the implementation of the New Urban Agenda, as well as the achievement of the Sustainable Development Goals (SDGs), particularly the standalone urban goal – SDG11, to make cities and human settlements safe, inclusive, resilient, and sustainable.

Link to UN-Habitat Scroll of Honour Award

A key aspect of World Habitat Day is to reward best practices through the presentation of the UN-Habitat Scroll of Honour Award.

The UN-Habitat Scroll of Honour award was launched in 1989 and is one of the most prestigious human settlements award in the world. It celebrates initiatives which have made outstanding contributions in the field, provision of housing, highlighting and improving the plight of people living in poverty or who have been displaced, developing and improving cities, towns and human settlements and the quality of urban life to leave no one behind echoing the Sustainable Development Goals 2030 with emphasis on Goal 11: Sustainable Cities and Communities.

The winners are selected each year following a Call for Nominations organized by UN-Habitat with the selection of a maximum of five winning initiatives. The host is encouraged to use the occasion to recognize best practices in the country and to promote significant new urban policies, programmes, or initiatives for sustainable urbanization with submitting nominees from the region. The winners will receive a plaque engraved with their name or names which will be presented during the Global Observance of the World Habitat Day celebrations.
**Concept**

The main objective of WHD is to raise international awareness of urbanization trends, challenges and visions for sustainable urban development, to promote international cooperation and make contributions to global efforts to build equitable, prosperous and sustainable cities and improve people’s living environment and quality of life.

World Habitat Day is an advocacy event for UN-Habitat and the host city/country. It is a public event to be held in an open space – if security allows – around the theme to raise awareness with a wide range of partners.

Further, all efforts should be undertaken to ensure that the public is involved through either some engagement initiatives, or social/traditional media including internet, television, radio, and banners placed in designated places within the city.

**Participation**

UN-Habitat will take the lead in inviting and mobilizing the United Nations system, relevant international organizations, civil society and all other relevant stakeholders to observe WHD, with the assistance and financial contributions from the host of the Global Observance and other partners. The host is encouraged to approach the Head of State or Government to grace the occasion of the Global Observance of the WHD and to invite other high-level Dignitaries, Ministers, Mayors and other stakeholders in the region. For this purpose, the invitation letter could be signed jointly by UN-Habitat and the host city.

**Financial contribution**

To host the Global Observance of the WHD in 2020 a cash contribution of USD 350,000 (three hundred fifty thousand) given to UN-Habitat is required. The contribution will support the planning, mobilizing stakeholders, travel, outreach activities, website, social media, design, communication, editing, programme development, operations support, reporting and evaluation. It will also support the travel of the UN-Habitat Scroll of Honour winners.

This will ultimately support the overall advocacy and communication of WHD around the world. The details on commitments, roles and responsibilities, will be outlined in a legal document which will be signed by all parties involved.

Additionally, the host city is required to provide an in-kind contribution of: the venue with its facilities; exhibition space; services; security within the city, around and within the venue; interpretation from English to the local language or other languages of high-level speakers; operational and logistical needs with respective human resources and international travel and local costs for key delegates from least developed countries (for information see Annex 1).

**Selection Process and Criteria**

The selection of the host will be made by an UN-Habitat Committee. The selection process of the global host for World Habitat Day will be guided by:

a. Demonstration of good practice related to sustainable urbanization
b. Geographical balance compared to previous years
c. Demonstration of ability and financial commitment to meet the conditions outlined in number 6 above and provided in more detail in the attached World Habitat Day hosting guide
d. Experience of hosting international events and/or have planned events relevant to urban issues
e. Accessibility of the city for international delegates
Activities

Activities to be undertaken in the Global Observance shall be developed on the availability of human and financial resources from the voluntary contributions. UN-Habitat will provide on the website advocacy tools and kits to maximize the outreach activities for other participating cities around the world in order to have a common branding and messaging of the theme and sub-theme for the 2020 WHD. Planned activities in other cities will be uploaded on the designated website as information becomes available. A detailed plan on the responsibilities of UN-Habitat and the host will be provided well in advance.
