Overview of earmarked private sector contribution agreements.

Neil Khor

Director a.i., ERSKID

Special Advisor to the Executive Director

7 (a) : Findings of the analysis of the reputational risks related to the Sustainable Human Settlements Foundation – Risk Assessment

Following guidance received at the Second Session of the Executive Board 2022, the Secretariat has taken the following steps:

External Analysis

Consultations with the
Office of the Controller and
Office of Legal Affairs,
UNHQ, NY

Encouraged SHSF and the
entities involved in its set
up to register with the UN
Global Compact

LLOYDS BANK

Confirmed that SHSF has
been cleared by its banking
partner

7 (a) : Findings of the analysis of the reputational risks related to the Sustainable Human Settlements Foundation – Risk Mitigation

Mitigation Measures

- UN-Habitat will **not be involved with the investment decisions** of the SHSF.
- **Investment portfolio will be publicly available** for review by the Executive Board
- Members of the **Executive Board** may express interest in being members of the **SHSF Advisory Board**
- **Advisory board of the SHSF to include additional members in line with universal sustainability principles**
- **The Contribution Agreement to include a clause that disassociates UN-Habitat with the investment activities**
- **Contribution Agreement states that UN-Habitat has no role with regards to the decision-making, management, or administration of the SHSF and its investments**
- **The Secretariat to publish annually a report on the private sector contributions, according to the Guidelines to Partnering with the Private Sector**

7 (b) : Overview of Earmarked Private Sector Contribution Agreements – (1)

During 2020 to 2022

Status of the corresponding project	Number of contribution agreements signed (incl. amendments)	Amount of contribution agreed (Million USD)
Active	34	20.9
Closed	25	6.8
Total	60	27.7

Notes:

1. The definition of the “private sector” aligns with the UN General Assembly A/56/323: ““The private sector is the segment of the economy that is not under direct government control, including commercial enterprises, foundations, private educational institutions, non-governmental organizations, and individuals.”
2. The amount of the contribution does not equal the revenue received under these agreements. This is because there are receivables under these agreements which are not received yet.
